Virtual Consultation on Vaccinations

July 29th at 6:00pm

Dr. Michelle Schack will provide individual consultations regarding vaccinations.

Recommend and advise proper vaccinations to administer to your herd.

Contact the Department of Natural Resources at 520-383-1511 beginning on Monday July 25<sup>th</sup> to schedule an appointment. You will be provided a phone number to call in for your individual consultation.

The **purpose** of the project is to **educate**, provide training, and offer veterinary services in Herd Health Management practices to livestock owners on how to protect their herd. While vaccinating enhances the quality of beef and cattle.

The **goal** of the consultation is to identify best practices on how to administer the vaccine to livestock cattle

Partnership with Dr. Michelle Schack, DVM Dairy Veterinary Service.

Any questions contact Executive Director Dwayne Lopez or Assistant Director Richard Saunders at 520-383-1511.
