Fiber Communications Installer

Job Summary:

We are looking for a skilled **Fiber Communications Installer** to join our team. This role involves the installation, testing, and maintenance of fiber optic communication systems in residential, commercial, and industrial settings. The ideal candidate will have experience in handling fiber optic cables, troubleshooting network issues, and ensuring high-quality service delivery.

Key Responsibilities:

- Install and configure fiber optic cables, equipment, and related hardware.
- Perform fiber splicing, termination, and testing using appropriate tools and techniques.
- Conduct troubleshooting and repairs on fiber optic connections to ensure optimal performance.
- Work with Optical Time-Domain Reflectometers (OTDR), fusion splicers, power meters, and other fiber testing equipment.
- Read and interpret fiber network diagrams, blueprints, and technical schematics.
- Ensure installations comply with industry standards, company guidelines, and safety regulations.
- Collaborate with customers and team members to resolve connectivity issues and provide excellent service.
- Maintain accurate records of work completed, including installation details, test results, and service logs.
- Adhere to safety protocols when working at heights, in confined spaces, and around electrical components.
- Keep up-to-date with the latest fiber optic technologies, tools, and best practices.

Qualifications & Skills:

- High school diploma or equivalent (technical training or certification in fiber optics preferred).
- Certification in Fiber Optic Technology (e.g., FOA CFOT, ETA, or BICSI a plus).
- Experience in fiber optic cable installation, splicing, and maintenance (preferred but not required for entry-level roles).
- Familiarity with tools such as fusion splicers, OTDRs, and power meters.
- Basic understanding of networking concepts and telecommunications infrastructure.
- Strong problem-solving skills and attention to detail.
- Ability to work independently and as part of a team.
- Comfortable working in various environments, including outdoors and at heights.
- Valid driver's license and ability to travel to job sites.
