Independent Auditor's Report

Chairman and Honorable Members of the Legislative Council Tohono O'odham Nation

Opinions

We have audited the financial statements of the governmental activities and major fund of Hewel Ñi'okĭ Radio Station Department (the "Department"), of the Tohono O'odham Nation (the "Nation"), as of and for the years ended September 30, 2024 and 2023, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and major fund of the Department of the Nation, as of September 30, 2024 and 2023, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under the standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Department and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Department are intended to present the financial position, and the changes in financial position of only that portion of the governmental activities and the major fund of the Nation that is attributable to the transactions of the Department. They do not purport to, and do not, present fairly the financial position of the Nation as of September 30, 2024 and 2023, and the changes in its financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The Department is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of the Department's internal control.
 Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic

financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis
For the Years Ended September 30, 2024 and 2023

Introduction

The Tohono O'odham Nation (the "Nation"), as the licensee of KOHN 91.9 FM operates the station as an executive program under the Executive Branch with the program designation of Hewel Ñi'okĭ, voice of the wind.

The management discussion and analysis (MD&A) of Hewel Ñi'okĭ, managers and operators of KOHN 91.9 FM Radio (KOHN), provides an overview of Hewel Ñi'okĭ's financial performance for the fiscal years ended September 30, 2024 and 2023. Read it in conjunction with the basic financial statements for the period and the annual report to the Corporation for Public Broadcasting (CPB) that accompanies the basic financial statements.

Overview of Operations

Hewel Ñi'okĭ is a department of the executive branch of the Tohono O'odham Nation (the "Nation") that reports directly to the Office of the Chairman and operates KOHN 91.9 FM under a Federal Communications Commission (the "Commission") license issued to the Nation. The Nation appropriates operating funds for Hewel Ñi'okĭ through the adoption of an annual budget under the executive branch of the Nation's government. The executive branch's general support services provides indirect administrative support for Hewel Ñi'okĭ which includes financial management and reporting, human resources, facility and fleet maintenance, purchasing, and information technology support.

The Nation is a sovereign nation governed under an adopted constitution. The constitutional government of the Nation is of a tri-branch system consisting of an executive, legislative and judicial branch. The executive branch operates under the direction of a Chairperson and Vice Chairperson elected at large by the citizens (members) of the Nation. The legislative branch consists of a legislative council, its officers and associated staff. Legislative representatives are elected at large from 11 separate political districts, two representatives per district. The Chairperson and Vice Chairperson of the legislative council are elected from within the council membership and additional officers may be appointed from outside of the body. The legislative council provides legislative oversight over the Executive and Judicial Branch through established committees. The legislative oversight committees for Hewel Ni'okĭ are the Culture Preservation Committee for general issues to preserve the Nation's culture and the Budget and Finance Committee for appropriations and fiscal matters. The judicial branch consists of six appointed justices for the Nation who serve as the Nation's judgment on disputed civil matters and criminal prosecution through adjudication. The appointed Justices elect from their membership a Chief and Deputy Chief Justice to serve as branch administrators. The justices are constitutionally empowered to convene from its members an appellate court to hear and render decisions on appeals as well as other lower courts it deems necessary.

The Nation's broadcast network, which Hewel Ñi'okĭ manages and operates, consists of the original station KOHN 91.9 FM that was originally licensed to the Nation on December 23, 2004. The Nation expanded its radio operations to three additional licensed stations; KOHH 90.7 FM licensed on November 14, 2014; KOHF-LP 101.1 FM licensed on March 10, 2017; and KWAK-LP 102.5 FM licensed on July 14, 2017. All licenses were successfully renewed September 21, 2021, by the FCC.

Management's Discussion and Analysis For the Years Ended September 30, 2024 and 2023

Overview of Financial Statements

This annual report consists of four parts:

- 1) Management's discussion and analysis.
- 2) Basic financial statements.
- 3) Notes to the basic financial statements.
- 4) Required supplementary information.

The financial statements of Hewel Ñi'okĭ are prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

The basic financial statements combine the fund and department-wide financial statements. These statements present different views of the organization.

Department-Wide Statements

The Statements of Net Position and the Statements of Activities are department-wide, providing both long-term and short-term information about Hewel Ñi'okĭ's overall financial status. These department-wide financial statements are designed to provide readers with a broad overview of Hewel Ñi'okĭ's finances, in a manner similar to a private-sector business.

The Statements of Net Position presents information on all assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position serve as a useful indicator of whether financial position is improving or deteriorating.

The Statements of Activities presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (i.e., accrued leave).

Fund Financial Statements

The fund balance sheets and the statements of revenues, expenditures, and changes in fund balance provide detailed information about the most significant funds. All of Hewel Ñi'oki's activities are reported in the operating fund. The financial statements also present a budgetary comparison for the operating fund as supplementary information.

The operating fund is a governmental fund and therefore its focus is on how cash and other financial assets flow in and out, and the balances left at year-end that are available for spending.

Governmental funds provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance programs.

Management's Discussion and Analysis For the Years Ended September 30, 2024 and 2023

The notes to the financial statements provide required disclosures and other information that are essential to full understanding of the material data provided in the statements. The notes present information about accounting principles, significant account balances and activities, material risks, obligations, commitments, contingencies, and subsequent events, if any.

Budgetary Highlights

Fiscal Year 2024

In appropriating funding for fiscal year 2024, the Nation provided for a 5.0% cost of living adjustment for all employees while operating funding remained status quo.

Further, Hewel Ñi'okĭ obligated available program revenues from fiscal years 2022 through 2023, in the total amount of \$46,639. The legislative resolution allows the commitment to use these revenues to support the members of the Nation and its communities. These revenues were shared with the Districts of the Tohono O'odham Nation which the radio stations are located and serve.

Hewel Ñi'okĭ recognized two primary objectives that will guide its budget formulation for the next several fiscal years; focus more on its collaborative efforts to assist in the revitalization and preservation of the Nation's language and culture; and to increase its presence on the web through a more coordinated effort to provide content and webcasting.

Fiscal Year 2023

In appropriating funding for fiscal year 2023, the Nation provided for a 5.0% cost of living adjustment for all employees while operating funding remained status quo.

Further, Hewel Ñi'okĭ obligated available program revenues from fiscal years 2017 through 2021, in the total amount of \$38,782. The legislative resolution allows the commitment to use these revenues to support the members of the Nation and its communities. These revenues were shared with the Districts of the Tohono O'odham Nation which the radio stations are located and serve.

Subsequent to the adoption of the Nation's fiscal year 2023 budget, the Nation provided an additional 3% cost of living adjustment for all employees which was funded from the Nation's general fund. However, the Hewel Ñi'okĭ budgets did absorb the additional 3% COLA which are expensed to the grant funding.

Community Service Grants (CSG)

KOHN FM receives a Community Service Grant (CSG) from the Corporation for Public Broadcasting annually for radio. The Community Service Grants received and expended during the most recent fiscal years were as follows:

Capital Assets

Capital Assets: Hewel Ñi'okĭ's capital assets as of September 30, 2024, amounts to \$502,365 (net of accumulated depreciation), a decrease of \$37,495. Accumulated depreciation through September 30, 2024, on capital assets was \$790,786. More detailed information can be found in the notes to the financial statements.

Economic Factors and Next Year's Budgets

The Nation has given notice that it will again provide a 5% cost of living adjustment for fiscal year 2025 which will be added to the base appropriation for the general fund budgets. The grant funded portions of Hewel Ñi'okĭ will include the adjustment in the fiscal year budget proposals for 2025.

Following the recent change in federal leadership to a more conservative administration, there is uncertainty regarding the continuation of federal support for public broadcasting. In response to this potential risk, Hewel Ñi'okĭ will adopt a conservative approach to its budget allocations, focusing on core operational needs and preserving essential services. This strategy is intended to safeguard financial stability and ensure the station's continued ability to serve its community, even if federal funding is reduced.

Contacting Financial Management

This financial report is designed to provide donors, members, and the general public with a general overview of Hewel Ñi'okĭ's finances and to account for the funding it receives. It is also intended to help the reader better understand the changes in the financial statement format. Hewel Ñi'okĭ's annual basic financial statements and reports to CPB are available for public inspection during business hours at Hewel Ñi'okĭ's main studio located at Arizona State Route 86, milepost 92.4, Covered Wells, Arizona or can be requested by mail at the following address:

1) Summary of Significant Accounting Policies

Nature of Operations

Hewel Ñi'okĭ Radio Station (Hewel Ñi'okĭ), formally known as KOHN Radio Station (KOHN), is a department of the Tohono O'odham Nation (the "Nation"). Hewel Ñi'okĭ's primary function is to provide public broadcasting to the people of the Nation and surrounding communities.

Reporting Entity

Hewel Ñi'okĭ is one of several departments of the Nation. The financial statements present only the financial position of Hewel Ñi'okĭ and do not purport to, and do not, present fairly the financial position of the Tohono O'odham Nation, and the changes in its financial position and cash flows, where applicable, in conformity with accounting principles generally accepted in the United States of America.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units.

Department-Wide Financial Statements: The department-wide financial statements, which are the statements of net position and statement of activities, are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Nonexchange transactions, in which Hewel Ñi'okĭ gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants, operating subsidies from the Nation's general fund, and donations. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Hewel Ñi'okĭ considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under leases are reported as other financing sources.

Notes to Financial Statements September 30, 2024 and 2023

Hewel Ñi'okĭ's only governmental fund is the operating fund, which accounts for all its financial resources.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Interfund Transactions

Interfund services provided or used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses are accounted for as interfund transactions in the reimbursing fund and as reductions of expenditures/expenses in the funds that are reimbursed.

Capital Assets and Depreciation

Capital assets are presented at historical cost, less accumulated depreciation. Expenditures for additions, improvements, and replacements of capital assets are capitalized while maintenance and repairs, which do not improve or extend the service lives of the respective assets, are expensed as incurred. The capitalization threshold (the dollar value above which asset acquisitions are added to the capital asset accounts) is \$5,000. Depreciation is provided using the straight-line method over estimated useful lives, which is 40 years for buildings, 5-10 years for broadcast equipment, and 5 years for furniture and vehicles.

<u>Unearned Revenue</u>

Unearned revenue represents amounts received by Hewel Ñi'okĭ from various funding sources prior to services being performed. Under the terms of the contracts, the funding agencies reserve the right to recoup any funding in excess of actual expenditures.

Income Taxes

As a department of the Tohono O'odham Nation, Hewel Ñi'okĭ is exempt from federal and state income taxes.

Indirect Administrative Support

Administrative support from the Nation consists of the portion of the indirect costs incurred by the Nation and attributable to Hewel Ñi'oki's operations including financial management and reporting, human resources, facility and fleet maintenance, purchasing, and information technology support. Administrative support is calculated and recorded as revenue and expense using methods mandated by the Corporation for Public Broadcasting (CPB).

Notes to Financial Statements September 30, 2024 and 2023

In-Kind Contributions

Hewel Ñi'okĭ receives donated personal services from nonprofessional volunteers. However, these services are not recorded as revenue and expense in the accompanying financial statements as there is no objective basis available to measure the value of such services. Hewel Ñi'okĭ received approximately 619 donated volunteer hours in 2024 and 665 hours in 2023.

Compensated Absences

Employees of Hewel Ñi'okĭ are granted vacation leave in varying amounts. In the event of termination, an employee is reimbursed for the accumulated vacation leave. All vacation pay is accrued when incurred in the department-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignation and retirements.

Employees of Hewel Ñi'okĭ are granted nonvesting accumulating sick leave. Upon termination, an employee is not entitled to be paid for the accumulated sick leave. Therefore, sick leave benefits are not accrued.

Budgetary Data

The following procedures are used to establish the revenues and expenditures budget data reported as required supplementary information in the accompanying financial statements:

- The Budget and Finance Committee, working with department directors, submits a proposed budget to the Nation's Legislative Council for adoption. The Council adopts the budget as submitted or modifies the proposed budget before adopting it.
- Budget changes must be approved by the Budget and Finance Committee.
- Funded program budgets and changes are subject to funding agency approval.
- Appropriations lapse at year-end on the Nation's funded budget.

The budget for the Nation is adopted on a basis consistent with accounting principles generally accepted in the United States of America.

Net Position and Fund Balances

The difference between fund assets and liabilities is "net position" on the government-wide statements, and "fund balance" on governmental fund statements.

Notes to Financial Statements September 30, 2024 and 2023

Net position is classified in the following three categories:

- Net Investment in Capital Assets: Consist of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvements of those assets.
- Restricted Net Position: Restricted net position results when constraints placed
 on an asset's use are either externally imposed by creditors, grantors, and
 contributions, or imposed by law through constitutional provisions or enabling
 legislation.
- **Unrestricted Net Position**: Unrestricted net position consists of net position that does not meet the definition of the two preceding categories.

The governmental fund types classify fund balance as follows:

- **Nonspendable** includes amounts that are not in a spendable form or are required to be maintained intact. Examples are inventory or long-term receivables.
- Restricted includes amounts that can be spent only for the specific purposes imposed by creditors, grantors, contributors, or laws and regulations of other governments. An example is federal grants.
- Committed includes self-imposed limitations on amounts that can be used only for a specific purpose, set in place prior to the end of the period by a formal action of the Nation's highest level of decision-making authority. Commitments established by the Chairman or Legislative Council may be changed or lifted only by an action of the Chairman or Legislative Council, taking the same formal action that imposed the original constraint. Typically, through resolution from the Nation's council.
- **Assigned** comprises amounts intended to be used by for specific purposes. Intent can be expressed by the Chairman or Legislative Council, or by an official, to which the Chairman or Legislative Council delegates the authority. This indicates that resources in governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- Unassigned is the residual classification and includes all amounts not contained in other fund balance classifications. Unassigned amounts are available for any purpose.

New GASB Pronouncements

The GASB has issued several statements which have not yet been implemented by Hewel Ñi'okĭ. Hewel Ñi'okĭ will implement these statements no later than the latest fiscal year required. Hewel Ñi'okĭ does not anticipate that any of the recently issued statements would have a significant impact on Hewel Ñi'okĭ's financial statements.

All depreciation expense is charged to radio station operations.

3) Unearned Revenue

Unearned revenues are recorded when federal grant and contract funds are received by the Hewel Ñi'okĭ prior to incurring qualifying allowable expenditures. In subsequent periods when Hewel Ñi'okĭ incurs allowable expenditures, the liability for unearned revenue is removed and revenue is recognized.

Notes to Financial Statements September 30, 2024 and 2023

At September 30, 2024 and 2023, Hewel Ñi'okĭ unearned revenues were as follows:

Corporation for Public Broadcasting Grants	Unearned Revenue
Radio Community Service Grant	\$ 160,532
CPB - CARES Act Funding	46,378
CPB - ARPA Stabilization Grant	110,956

4) Due from Nation and Transfers

At September 30, 2024 and 2023, the Nation's general fund owed Hewel Ñi'okĭ \$476,888 and \$383,603, respectively, for unexpended Corporation for Public Broadcasting grant funds received on Hewel Ñi'okĭ's behalf and unexpended general fund support. In the years ended September 30, 2024 and 2023, the Nation's general fund transferred \$848,815 and \$752,288, respectively, to Hewel Ñi'okĭ to support radio station operations.

Coronavirus Aid, Relief, and Economic Security Act (CARES Act) Stabilization Funds Hewel Ñi'okĭ received \$112,136 in CARES Act funding from the Corporation for Public Broadcasting during fiscal year 2020. The funds are considered unrestricted and have no expenditure period. At September 30, 2024 and 2023, \$46,378 remains unexpended and are included in unearned revenue and amounts due from the Nation's general fund in the governmental fund balance sheet and statement of net position.

<u>American Rescue Plan Act (ARPA Act) Emergency Stabilization Funds</u>

Hewel Ñi'okĭ received \$244,432 in ARPA funding from the Corporation for Public Broadcasting during fiscal year 2021. The funds are considered unrestricted and have no expenditure period. At September 30, 2024 and 2023, \$110,956 and \$153,319, respectively, remains unexpended and are included in unearned revenue and amounts due from the Nation's general fund in the governmental fund balance sheet and statement of net position.

Notes to Financial Statements September 30, 2024 and 2023

5) Accrued Compensated Absences

The following is a summary of Hewel Ñi'okĭ's accrued compensated absences activity for the year ended September 30, 2024:

В	alance			Е	Balance	Aı	mount
Sept	ember 30			Sept	tember 30,	Due	e Within

6) Indirect Administrative Support

Indirect support from the Nation consists of allocations of the Nation's institutional support and facility operation costs that benefit Hewel Ñi'okĭ Radio Station. It is calculated based upon the indirect cost rate that the Nation annually negotiates with the United States Department of Interior, Interior Business Center, and Indirect Cost Services. For the periods ended September 30, 2024 and 2023, the approved negotiated rate applicable to all programs was 14.43%. Hewel Ñi'okĭ applied this rate to calculate the total value of administrative support provided by the Nation. The fair value of this support is recognized as operating revenue in the statements of activities and governmental fund revenues, expenditures, and changes in fund balance/net position as indirect administrative support for operations and also in operating expenses as Nation administrative support. The value of this support was \$97,526 and \$98,453 for the years ended September 30, 2024 and 2023, respectively.

Notes to Financial Statements September 30, 2024 and 2023

7) Reconciling Amounts

At September 30, 2024, total fund balance of Hewel Ñi'okĭ's governmental fund of \$127,162 differs from total net position reported on the statement of net position of \$592,081 because capital assets with a net book value of \$502,365 and accrued compensated absences of \$37,446 are not reported in the funds. Additionally, the change in fund balance of Hewel Ñi'okĭ's governmental fund revenues, expenditures and changes in fund balance was \$0, which differs from the decrease in net position reported on the statement of activities of \$35,042, by the amount of depreciation expense of \$37,495 and the compensated absence liability decrease of \$2,453 for the year.

At September 30, 2023, total fund balance of Hewel Ñi'okĭ's governmental fund of \$127,162 differs from total net position reported on the statement of net position of \$627,123 because capital assets with a net book value of \$539,860 and accrued compensated absences of \$39,899 are not reported in the funds. Additionally, the change in fund balance of Hewel Ñi'okĭ's governmental fund revenues, expenditures and changes in fund balance was \$0, which differs from the decrease in net position reported on the statement of activities of \$41,892, by the amount of depreciation expense of \$48,098 and the compensated absence liability decrease of \$6,206 for the year.

8) Risk Management

Hewel Ñi'okĭ and the Nation are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Nation carries commercial insurance for all such risks of loss. Settled claims have not exceeded commercial insurance coverage for any of the previous three years.

9) Retirement Plan

The Nation sponsors and administers the Tohono O'odham Nation 401(k) Retirement Plan (the "Plan"). Each employee shall be eligible to make employee voluntary contributions to the Plan on the first Plan enrollment date on or following the initial date of hire, or the day on which the employee attains the age of eighteen years, whichever occurs last. The Nation will contribute 5% of the employee's compensation to an individual account and will match the employee voluntary contributions at 50% of the employee voluntary contributions up to 5% of the employee's compensation. The employee voluntary contributions are fully vested and not forfeitable at any time. The employer contributions are vested after the completion of four years of service by the employee.

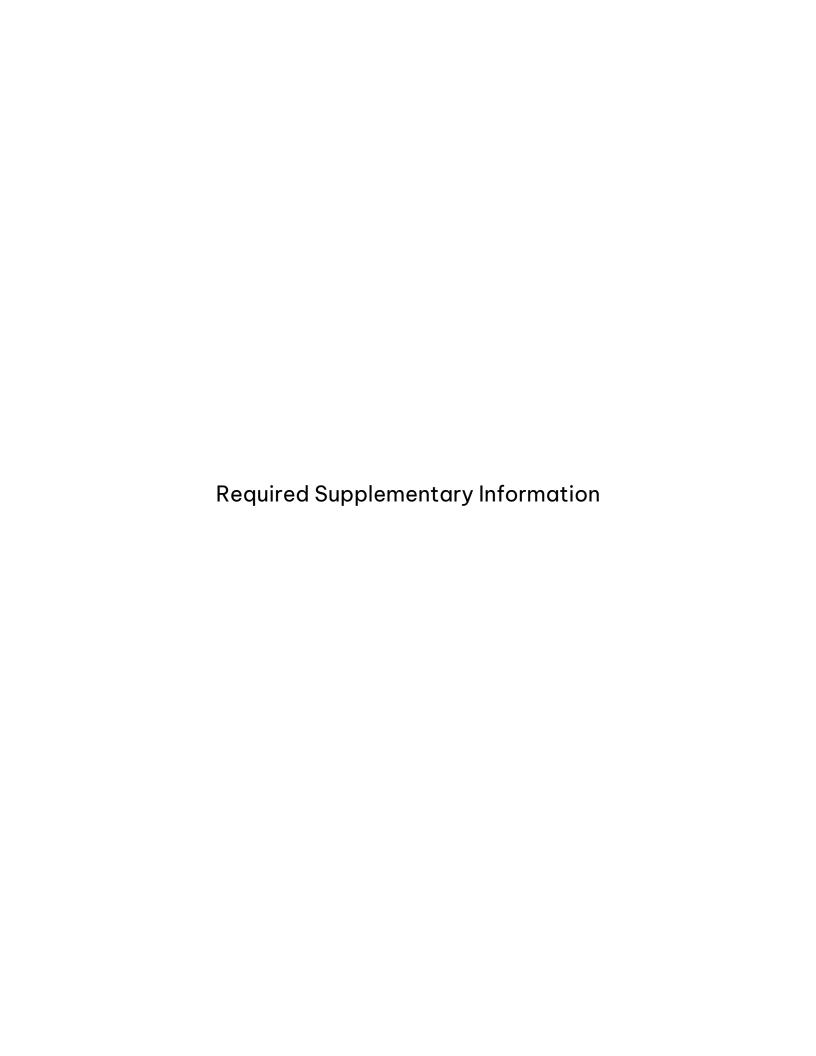

Notes to Financial Statements September 30, 2024 and 2023

For the years ended September 30, 2024 and 2023, contributions to the Plan by the Nation on behalf of Hewel Ñi'okĭ employees totaled \$40,636 and \$35,795, respectively. Hewel Ñi'okĭ employee voluntary contributions for the years ended September 30, 2024 and 2023, totaled \$18,532 and \$16,504, respectively.

10) Related Parties

Hewel Ni'okĭ's utilities, telephone services, and lease services are provided by the Tohono O'odham Utility Authority. For the years ended September 30, 2024 and 2023, Hewel Ni'okĭ's utility, communication expense, and lease expense were approximately \$56,552 and \$57,669, respectively.

Hewel Ñi'okĭ's solid waste services are provided by Tohono O'odham Solid Waste. For the years ended September 30, 2024 and 2023, Hewel Ñi'okĭ's solid waste expense was \$2,000 and \$2,020, respectively.
