General Labourer - Job Description

Department:	Base, Paving, Underground Foreman
Reports to:	Foreman
Direct Supervisory Responsibility:	No
Pay Rate:	\$16.00
Duration:	TBD

Functional Summary

Reporting to the Foreman, the Labourer is responsible for providing a physical labour support during all phases of construction and production. The Labourer provides a broad range of support in areas, such as, hand work, moving materials, clearing terrain, site preparation, shoveling and basic equipment operation.

Key Responsibilities:

The responsibilities of the Labourer include, but are not limited to:

General Labour

- Load, unload and move construction materials around the worksite.
- Manually remove large rocks and debris turned up by graders and other heavy equipment, ensuring all revealed rocks and debris are clear before equipment makes further passes.
- Execute traffic control plans by placing, removing, covering and uncovering traffic control signs, cones, barricades and other traffic control devices. Direct traffic when necessary.
- Signal operators of construction equipment to facilitate alignment and movement of materials.
- Assist in the installation of culverts to drain water and/or use a generator and pump to remove rain water from ditches on the construction site.
- Using a rake or shovel, spread gravel and other construction materials over road surfaces, building or decreasing slopes or leveling asphalt to fine grade specifications.
- Shoveling test holes by locating markers/flags and quarantine any exposed pipes. Mark test holes with stakes, paint or ribbon.
- Ensure worksite is organized and free of clutter, rubble and garbage.
- Shovel asphalt mix into areas inaccessible to paving machines, and compact mix using rakes and hand tampers
- Operate equipment, such as pneumatic hammers, vibrators, tampers, and skid steer when needed.
- Other General Labour and construction related duties as required.
- Must ensure a solid understanding of, and comply with the principles of the company's Code of Ethics.
- Must examine situations in light of the principles of the Code of Ethics.

Safety

- Promote, execute and adhere to the company's safety program, and encourage all employees, sub-contractors and consultants to adopt safety as a culture.
- Attend daily and weekly safety meetings and inspections.

- Work with Safety Department to investigate damage, incidents or near misses in the worksite, and ensure proper procedures are carried out according to the Company's Safety Program.
- Work in a safe, responsible manner to not intentionally or unintentionally injure oneself, or endanger the wellbeing of others.

Teamwork

- Participate as a vital team member, and contribute towards the success of the organization, which may involve the provision of other technical and administrative support, as required.
- Promote a team approach and maintain dialogue with all employees to exchange information and gather ideas.
- Collaborate with any project teams on other special initiatives, as required.

Qualifications

Education, Training and Certifications

- High School Diploma or G.E.D. preferred
- Class 5 Drivers License, or equivalent, preferred

Work Experience

- Entry level position

Technical Knowledge

- Basic knowledge road construction materials and tools.

Transferable Skills

- | | |
|------------------------|-----------------------------|
| • Interpersonal skills | • Communication skills |
| • Time Management | • Basic mathematical skills |

Abilities
