## Tohono O'odham Nation Tri-Branch Scale Back

---

Due to the recent surge in COVID-19 cases on the Nation and throughout the state of Arizona, the Nation's three branches of government (commonly known as the "tri-branch") will scale back operations for the next two weeks.

Effective today, Monday, January 10, 2022, through Monday, January 24, 2022, the Nation's tri-branch will be scaling back operations in order to reduce the potential spread of COVID-19 in the workplace. Each branch will determine the extent of the reduction of on-site employees.

During the next two weeks, we ask that everyone reduce unnecessary travel/outings, practice distancing and wear a mask in public spaces.

We strongly urge everyone 5 years and older to get fully vaccinated, including up to date booster vaccines if you meet the eligibility requirements for the booster. Vaccines are our strongest defense against serious illness and death from COVID-19.
