Public Service Announcement Health Transportation Services

Due to the ongoing COVID-19 pandemic and the surge in positive cases, transportation services are being affected. However, our goal is to continue to meet all non-emergency medical transportation needs.

Please continue to schedule transportation needs with the HTS program. If a transport cannot be scheduled, you will be notified. Transportation priority is for dialysis treatments. If transportations can be scheduled other than dialysis, pickup times may be early and/or the return may be late.

Clients that are insured may be referred to the Nation's contracted health transportation providers. Transportations will be dependent on their schedule. Contact numbers for the providers are:

Tymon dispatcher (520) 413-5050

Kalmed dispatcher (520) 437-0205

Dial A Ride dispatcher (480) 530-0909

TON Health Transportation Services can be reached at:

Mainline **(520) 383-6050**

Dispatcher **(520) 383-3591**

We appreciate your understanding and cooperation.
