

Tohono O'odham Nation Livestock Membership Presentation- Hands on Demonstration with Hot Iron Branding, and Castration Procedure

June 2, 2022

Tribal Herd Ranch

9:00 am-11:00 am

Eugene P. Tashquith Livestock Complex

12:00pm -2:00 pm

Small Arena East of the Sif-Oidak District Office

3:00 pm-5:00 pm

The **purpose** of the project is to: Educate, provide training, and offer Veterinary services in Herd Health Management practices to livestock members while enhancing the quality of beef and cattle.

The **goals** of this project include: Provide a hands on demonstration with Hot Iron branding, and castration procedures on young bull calves, and offer Body Condition Scoring.

- **Herd Health Management Hands on Branding and Castration**
- **Health Inspection and Body Condition Scoring tips on cattle.**
 - **Question's and Next Steps**

Demonstrations provided by Dr. Michelle Schack, DVM Dairy Veterinary Service

Hosted by The Tohono O'odham Nation Natural Resources Department
