PSA – Happy Mother's Day Message

On behalf of the Tohono O'odham Nation Executive Office, we wish all O'odham mothers a very happy Mother's Day. We encourage you all to find time this weekend to express your appreciation for the women in your life—whether they are your own mother, a mother figure, or the mother of your children. Mothers contribute to the success of us as individuals and as a Nation.

We know that Mother's Day, for many reasons, can be a difficult time for some of our tribal citizens. It is our hope that this year you find peace and comfort from those around you. Take the time to care for yourself and reach out to a loved one if you need support.

Together let us celebrate or commemorate the mothers in each of our lives. Let us honor O'odham women for their special place in our history and for the continued strength they provide to our families. We wish you all a happy Mother's Day.

Ned Norris Jr, Chairman

Wavalene Saunders, Vice Chairwoman
