Tohono O'odham Nation Institutional Review Board regarding National Science Foundation Grants

Effective May 20, 2024 researchers applying for National Science Foundation (NSF) grants are **required to submit *proof of approval*** from the relevant tribal nation for any proposed research involving “Tribal Nation lands or those aspects of Tribal life that are within the domain of a Tribal Nation, (including, but not limited to, Tribal languages and subsistence rights on Tribal Nation lands) as opposed to individual Tribal Nation members.”

The Tohono O'odham Nation's Institutional Review Board (TON IRB) looks forward to working with NSF researchers on the Nation.
