Public Service Announcement
COVID-19 Prevention
September 23, 2025

The St. Francis feast in Queens Well Community marks the beginning of the holiday season each year, COVID-19 is still of concern on the Nation. When attending this event, we ask that you take the following steps which can help you enjoy the holiday season while minimizing the risk of COVID-19 spread and its potential impacts.

- Stay up to date with COVID-19 vaccines
- Practice good hygiene
- Stay home if you are sick
- Take steps for cleaner air

If you are sick use precautions to prevent the spread, including staying home and away from others (including people you live with who are not sick) if you have respiratory symptoms seek healthcare promptly for testing and/or treatment. Treatment may help lower your risk of severe illness, but it needs to be started within a few days of when your symptoms begin.

Additional Prevention Strategies:

Wearing a mask and putting distance between yourself and others can help lower the risk of transmission. Encourage others to follow these practices to help protect everyone in your community

IN AN EMERGENCY ALWAYS CALL 911!
