

NO BORDER WALL

For decades, the Tohono O'odham Nation has worked with Department of Homeland Security (DHS) to protect the U.S. border. Together, we created a dynamic security infrastructure that has reduced border apprehensions by over 95%. All without resorting to an ineffective wall that would separate our people, desecrate sacred areas, and damage the natural environment.

DHS is pushing forward with a border wall anyway, for political reasons. We have filed suit to stop them, but the courts move slowly.

Armed federal agents have been escorting wall contractors onto our lands, attempting to permanently diminish our Reservation. Only Congress has that authority. If it can happen to us, it can happen to any tribe.
